CARL JOSHUA DE JESUS

JUNIOR SOFTWARE ENGINEER

09953487688 | cjoshuadejesus27@gmail.com| www.linkedin.com | Portfolio

SUMMARY

Junior Software Engineer with hands-on experience in frontend development and mock backend implementation across multiple production projects. Proficient in JavaScript, TypeScript, and Tailwind CSS, with experience refactoring legacy codebases and independently delivering scalable UI solutions. Strong foundation in web technologies, collaboration, and clean code practices, with a continuous drive to improve software quality and performance.

TECHNICAL SKILLS

Programming Languages:
JavaScript, TypeScript, Python, Java, C++, HTML, CSS, SQL,

Frontend Frameworks & Tools:
React.js, Node.js, HTML5, CSS3, Tailwind CSS, JavaScript, TypeScript

Responsive Design, UI Layouts, Component-Based Design, Cross Browser Compatibility, Code Refactoring

PROFESSIONAL EXPERIENCE

Lightreach — Junior Software Engineer **October 2025 – April 2026 (Contractual)**

- Developed and maintained responsive web interfaces across multiple projects using modern frontend technologies
- Built reusable and scalable UI components with Tailwind CSS and TypeScript to improve development efficiency
- Served as the sole Frontend Developer for Lightreach Compress, delivering complete UI implementation from initial layout to user interaction
- Translated design mockups into pixel-perfect, functional web pages with strong attention to UI/UX detail
- Created a mock backend environment to enable API integration testing and support frontend development workflows
- Refactored legacy frontend code to enhance code quality, maintainability, and performance
- Optimized web applications for speed and performance through efficient component structuring and styling techniques
- Managed version control using Git and GitHub, including branching strategies, pull requests, and code reviews Implemented and maintained GitHub Actions (YAML) workflows for CI/CD pipelines, including automated testing, staging, and production deployments

EDUCATION

Bachelor of Science in Information Technology **September 2021 – November 2025**
Specialization: Web & Mobile Application Development

- Far Eastern University – Institute of Technology
- Capstone Project - Project Manager
- Alliance of Information Technology Students - Director for Publication

CERTIFICATIONS

- **IT Specialist – Cybersecurity (Certiport) — November 2024**
- **Cisco DevNet Associate — April 2024**
- **Cisco CCNA: Enterprise Networking, Security & Automation — December 2023**
- **Cisco CCNA: Switching, Routing & Wireless Essentials — September 2023**
- **Cisco CCNA: Introduction to Networks — March 2023**
- **IT Specialist – Networking (Certiport) — July 2023**
